

Postcard Template

This postcard template was created by Eclectic Education to use educational purposes. <http://www.homeschoolblogger.com/eclecticeducation>

To use: Print out on heavy paper, preferably cardstock. Cut out around the solid line. Draw on the opposite side. Write on the printed, left hand side. Return address goes on the upper left hand lines and the to address goes on the lines on the right. This postcard is NOT to be sent through the mail.

Stamp clipart came from
<http://school.discoveryeducation.com/clipart/clip/po-stamp.html>

Other Uses

1. Design a postcard for a state and write about what you "did" there.
2. Design a country postcard and write about what you "did" there.
3. Write to a pretend letter to a book author and tell what you like about the book.
4. Write a postcard as if you are a character in a book and tell about your adventures.
5. Write a postcard from a place in history and tell about events that are going on.
6. Write a postcard from one of the other planets or moons in the Solar System. Draw a picture of what it might look like there.
